

MADE AFFIDAVIT ON HIS DEATHBED

Answer of Gustav E. Kissel to Indictment Is Introduced.

HEARING IS TRANSFERRED

Inquiry Into So-Called Sugar Trust Will Take Place in New York.

Washington, July 11.—The Congressional investigation of the American Sugar Refining Company will be transferred from Washington to New York next week. The House committee of inquiry into the so-called sugar trust will sit in New York beginning next Tuesday, and the session there will continue throughout the week.

Among the witnesses already subpoenaed to appear before the committee in New York are John Arbuckle, head of Arbuckle Bros., a competitor of the "trust"; John E. Parsons, former counsel of the American Sugar Refining Company, and Washington B. Thomas, vice president of the American Sugar Refining Company. The committee will hear, probably next Thursday, Milton D. Purdy, of Minneapolis, former Assistant Attorney-General, who, while acting attorney of the United States, expressed a purpose to prosecute "sugar trust" officials in connection with the Pennsylvania refinery absorptions in 1903. George H. Earle, Jr., of Philadelphia, charged before the committee recently that former President Roosevelt did not act in accordance with Purdy's expressed purpose. This phase may be inquired into in New York.

A deathbed affidavit of Gustav E. Kissel, of New York, indicted jointly with former officers of the American Sugar Refining Company on the charge of conspiracy to restrain trade through the absorption of the Pennsylvania Sugar Refining Company in 1903, was introduced in evidence to-day before the House sugar trust committee.

The affidavit, never before made public, was submitted by T. S. Fuller, counsel for the sugar trust, upon request of William R. Guthrie, Kissel's attorney, and members of Kissel's family.

"The affidavit," said Mr. Fuller, "was taken in the hospital in New York a few days before Mr. Kissel's death last April, when he realized that he probably would not live to go to trial on the indictment."

No Opportunity to Testify.

Kissel's statement was that he had expressed a desire to testify under oath before the Federal grand jury regarding his connection with the \$1,250,000 loan made by the American Sugar Refining Company, through him, to Adolph Segal, of Philadelphia, on which transaction Kissel's indictment was based, but that he had been indicted before he had an opportunity to testify.

Conscious of his "dangerous" illness, Kissel made this declaration: "The charge made in the indictment that I entered into an unlawful conspiracy with the directors of the American Company and the defendant Harner or anyone else in any way or form, is untrue, and the allegations that I deceived Mr. Segal at any time or in any way, and that I wrongfully and unlawfully endeavored to injure him financially, and to hinder his paying his debts and to prevent the Pennsylvania Sugar Refining Company from engaging in business are without foundation or support in the facts, and directly in conflict with the truth. I did everything in my power in good faith to assist him financially, and to help him pay off the loan and start

A Warning to Many

Some Interesting Facts Regarding Health Statistics

Few people realize to what extent their health depends upon the condition of the kidneys.

The physician in nearly all cases of serious illness makes a chemical analysis of the patient's urine. He knows that unless the kidneys are doing their work properly the other organs cannot be brought back to health and strength.

When the kidneys are neglected or abused in any way serious results are sure to follow. According to health statistics, Bright's disease, which is really an advanced form of kidney trouble, caused nearly ten thousand deaths in 1910 in the State of New York alone. Therefore it behooves us to pay more attention to the health of these most important organs.

An ideal herbal compound that has had remarkable success as a kidney remedy is Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy. The mild and healing influence of this preparation is soon realized. It stands the highest for its remarkable record of cures.

If you feel that your kidneys require attention, and with a sample bottle, write to Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper, and they will gladly forward it to you absolutely free, by mail. Swamp-Root is sold by every druggist in bottles of two sizes—50c and \$1.00.

the refinery, and my financial interests were at all times with him and not with the American Company."

Kissel admitted voting to close down the Pennsylvania Sugar Refinery because it required too much money to operate.

FACES PRISONERS WITHOUT TREMOR

(Continued From First Page.)

lower myself to your level," he cried.

The excitement was intense. Police and carabinieri rushed between Fabroni and the lawyer, as a hand-to-hand fight seemed imminent. The president of the court tried to quell the clamor. He finally requested Fabroni and Bovio to withdraw their words, which they both did. Fabroni explained that the documents to which he referred had to do with the defense of Rapi, the alleged treasurer of the Camorra, when he lived in Paris.

When the interrogations were continued Fabroni described the gambling house conducted by Rapi, and Rapi's cleverness in cheating at cards. Rapi protested so violently that President Bianchi ordered him removed from the courtroom.

Fabroni said that nothing could escape the Camorra, which makes money out of everything and every person, including poor emigrants going to America.

Building Permits.
Building and permit permits were issued yesterday as follows:
Mrs. Robert Currie, to erect a one-story brick stable in rear of 314 East Broad Street, to cost \$400.
A. D. Sprengle, to erect a detached two-story brick stable in rear of 1214 West Main Street, to cost \$200.
A. B. Hubbard, to repair a frame dwelling, 2314 East Broad Street, to cost \$200.
Mrs. M. L. Luskard, to repair a frame store and dwelling, 1807 North Twenty-third Street, to cost \$100.
Mrs. Robert Currie, to repair a brick dwelling, 2314 East Broad Street, to cost \$200.
H. C. Strauds, to repair a brick store, 114 South Eighth Street, to cost \$1,000.
Mrs. A. M. Whitfield, to repair a brick dwelling, 1329 Grove Avenue, to cost \$1,000.

HOT-WEATHER DIARRHEA

In the summer people of all ages are very subject to "running of the bowels." Germs get into the food or water, and their way into the intestines and keep irritating them so that there is a constant desire to have movement. It is very weakening, destroys appetite, disturbs sleep and produces an itchy feeling that many suppose to be piles.

USE **DR. CALDWELL'S SYRUP PEPIN**

A narcotic, and that is dangerous. Others try salts and laxative waters, but they have no permanent effects. It takes a remedy with ingredients such as are combined in Dr. Caldwell's Syrup Pepin to drive out the trouble-causing germs, to clean out the intestines, to strengthen the stomach and enliven the liver. Ordinary remedies cannot do this; but it is a well-known fact that Dr. Caldwell's Syrup Pepin does it. Thousands use it every summer for this very purpose. Go to your druggist to-day and buy a 50-cent or \$1.00 bottle and see what it will do for you. It is guaranteed to do what we claim or money refunded. It has enabled thousands of families to cure themselves of simple ailments. If you have never tried it send your address for a FREE SAMPLE BOTTLE to DR. W. B. CALDWELL, 400 Caldwell Bldg., Monticello, Ill.

ELECTION ALMOST CERTAIN

GOVERNOR HOKE SMITH.

OFFICIALS MUST NOT USE TAXIS

Washington, July 11.—Government officials everywhere, when traveling at public expense, must ride on trolley cars and omnibuses, and shun expensive taxicabs, unless circumstances warrant the extra expense.

Captain C. H. McCallan, of the revenue cutter service, stationed at New York, recently made a trip to Washington and put in a bill for \$3.49 taxicab hire. The captain said he had a heavy grip, and couldn't take a trolley car.

The captain will be allowed 15 cents for car fare," ruled Comptroller Tracewell. "In the interest of economy the government regulations provide that public officers shall ride in street cars and omnibuses, whenever possible. I see no reason why the rules shouldn't be applied in this case."

RAILROAD NEWS

Steamship Travel Largely Increased as Result of Hot Weather.
W. I. Mitchell, of the Merchants' and Miners' Transportation Company, with headquarters in Norfolk, was in the city yesterday afternoon for a short time on business. Mr. Mitchell said that the intense hot wave had proved a boon to the steamship business and that the traffic was heavier this summer than he had ever known it to be before.

O. N. Spain, traveling passenger agent of the Chesapeake and Ohio, with headquarters in Cincinnati, was in Richmond yesterday on his way home from Atlanta City. He accompanied the Cincinnati Elks to the grand lodge meeting.

Among the railroad officials in the city yesterday was Dr. A. E. Shubert, of Roanoke, chief of the agricultural and industrial department of the Norfolk and Western Railway.

The Southern Railway has just established a flag stop at Otterburn, Va., as a result of the opening of the new summer resort. Three trains which formerly passed through the place make daily stops now.

Approximate earnings of the Seaboard Air Line Railway for the fourth week in June show an increase of \$5,750, as compared with the corresponding week last year.

Cheapeake and Ohio earnings for the fourth week in June increased \$18,000 over the same week last year, according to a statement issued yesterday by Comptroller Sullivan.

SMITH TO BECOME GEORGIA SENATOR

Probably Will Be Named at Joint Session of Legislature To-Day.

Atlanta, Ga., July 11.—Governor Hoke Smith's election as United States Senator to succeed the late Senator A. S. Clay was made practically certain to-day, when a total of 125 votes were cast in his favor in the two houses of the Legislature, each House voting separately, or thirteen more than enough to elect on joint ballot. In the Senate he received 21 votes and in the House 107, while his nearest competitor, Senator J. M. Terrell, received 17 in the Senate and 36 in the House a total of 53. The general expectation to-night is that Governor Smith will be elected on the first ballot, when the two houses meet in joint session to-morrow.

As a result of the voting to-day, Pleasant A. Stovall, of Savannah, who received 2 votes in the Senate and 12 in the House, to-night withdrew from the race, giving as his reason that to-day's balloting had practically settled the senatorial contest.

The content for the governorship which is expected to be vacant as a result of the balloting for Senator to-morrow has begun to take shape. John M. Slaton, president of the State Senate, who by virtue of his position will be Governor interim between the resignation of Governor Smith and the election of his successor, and who was expected to be a candidate for Governor to succeed Governor Smith, and who would support former Governor Joseph M. Brown for that office. It is stated in many quarters to-night that should ex-Governor Brown announce himself a candidate for the governorship he will have little opposition. He has so far declined to commit himself, however, in regard to the governorship.

(Continued From First Page.)

forced to take the floor and offer his amendment to attach the farmers' free list bill, recently passed by the House, to the reciprocity measure. His amendment, which was not voted on, omitted the agricultural provisions of the free list bill.

"I have been holding the floor this afternoon," Mr. Bailey finally admitted, "because I promised the Senator from Wisconsin (Mr. La Follette) that I would not let the bill come to a vote until he can get ready to speak."

Chairman Penrose and the other leaders who are pushing the reciprocity bill through held the Senate in session until 7:15 P. M. From now on, at least, the bill will be in session until 6 o'clock or later, and all efforts for delay will be frowned upon. This is expected to force the opponents of the measure to hasten their speeches and the presentation of their amendments.

Senator Penrose to-night predicted that a vote on the passage of the bill would be reached next week. He is not insistent upon fixing in advance a time for the final vote, which will be taken when the debate is exhausted.

Senator La Follette's long speech is expected any time after to-morrow. He

HEALTHY MOTHERS

Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its pre-natal work the crisis finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments. No remedy is so truly a help to nature as Mother's Friend, and no expectant mother should fail to use it. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant and elastic those fibres and muscles which nature is expanding, prevents numbness of limbs, and soothes the inflammation of breast glands. The system being thus prepared by Mother's Friend dispels the fear that the crisis may not be safely met. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child. Mother's Friend is sold at drug stores.

Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

will ask for a day after introducing his amendments, which he expects will be to-morrow or Thursday. Meantime his friends will try to prevent a vote until he can be heard. Senators Bristow and Borah may speak to-morrow.

An inquiry into Alaska's industrial development, second in importance only to the Ballinger-Pinchot investigation will be inaugurated to-morrow by the House Committee on Expenditures in the Interior Department, according to altered plans of that committee.

Instead of having Miss M. P. Abbott tell the story of her discovery of the now famous "Dick to Dick" letter, the committee will examine government officials on general conditions in the Territory.

It is planned to call Alfred H. Brooks, Alaska expert of the Geological Survey, and witnesses from the Geologic Survey and the War Department, which controls the leasing of water fronts in that country.

The possible connection of Charles P. Taft with the subject is to be subordinated for the time being at least. The committee will endeavor to find out if the Guggenheim interests, when defeat in the so-called Cunningham claims to the great coal fields of Alaska seemed inevitable, undertook to assert control of the coal deposits by monopolizing the entrances to the interior of the country, and if recognition of the Ryan interests would effect this.

Other than recognizing the absolute freedom of the President from congressional inquiry, it is said to-night, no limitations would be placed on the inquiry.

Senator La Follette's long speech is expected any time after to-morrow. He

PROTESTS WITHOUT AVAIL

Original Orders of Secretary Meyer Will Be Adhered To.

Washington, July 11.—The protests of the people of Pensacola and New Orleans, made through their Congressmen, against the gradual cessation of naval work in the navy yards at those places have been without avail. The Navy Department has decided to adhere to the original orders of Secretary Meyer, issued with a view to reducing the naval expenses and eliminating all unnecessary naval stations.

Reports on the labor situation at the two yards have been received from the commandants. Discharged employees will be given preference at other yards, and allowed the share of annual leave due.
